Vitreoretinal CET Event 18th March, 7pm to 8.30pm

Dear Colleagues

Newmedica Bristol would like to invite you to participate in our upcoming CET lecture. Covering the topic of, 'Essential vitreoretinal disorders'.

This 50-minute lecture is aimed at optometrists, covering various aspects of Vitreoretinal conditions and their treatments. Including: Vitreous detachment and floaters, retinal tears and retinal detachment. Macular hole and vitreomacular traction. Epiretinal membranes, trauma, VR operations, pars plana vitrectomy and scleral buckling.

To ensure we keep all our delegates and colleagues at the clinic safe, we have taken the decision to temporarily hold our CET events online, using Zoom. You can book your place and get further instructions on how to join by following the link below:

[Click Here](#)

If you haven't used Zoom before it is very straightforward and requires no prior experience. It is free to use for this event. Simply follow the link to book your place, we will look after the IT on the night and explain how to participate in the session.

Timings:

- 6:45pm – Webinar opens for delegates to join.
- 7pm –The event commences with an update on the Bristol clinic.
- 7:15pm – CET Lecture.
- 8:05pm – Questions.
- 8:30pm - Event closes.

If you have any queries or need booking assistance please do not hesitate to contact us, by emailing:

james.hardwick@newmedica.co.uk

I look forward to catching up with you all at the event.
